ATHLETE CLASSIFICATION

Paracanoe Kayak athletes: KL1 / KL2 / KL3

Athletes with one of the following statuses are required to pass the classification before the competition:

- REVIEW Status with a Fixed Review Date before the Competition
- REVIEW Status or
- New Status

Paracanoe Va'a athletes: VL1 / VL2 / VL3

A new Va'a classification system has been adopted by ICF and sent to the IPC in 2017. This new Va'a classification system will be followed for the Tokyo 2020 Paralympics.

Please find attached the proposed Va'a classification system.

As a consequence, **all Paracanoe Va'a athletes need to pass the Va'a classification** before competing in an ICF international event in 2018, regardless their previous classification status.

New platform for sending classification documents:

A new platform is being developed in 2018 for sending documents to the ICF Classifiers.

Please use this platform to upload your classification documents. No document should be sent by mail.

This platform allows to have a more secure transfer of documents, as well as a secured storage. It is compliant with the IPC code on data protection matters.

- All mandatory documents should be uploaded on this platform before the specific deadline.
- An access will be required for log in the system. If you need a new access, please send an email to classification@canoeicf.com
- The preferred format for all documents is PDF

The access to the *Classification Upload Platform* can be found on the classification page on the ICF website:

<https://www.canoeicf.com/classification>

New Classification mail address:

Along with the new upload system, the classification mail address has changed.

For any communication with classifiers, please use the following mail address:

classification@canoeicf.com

No medical or confidential document should be sent by mail.

Appearance in classification:

For the athletes with a status that requires a classification, a classification slot must be booked in advance through the doodle. Please be aware that the doodle will be open only during 2 weeks.

If an athlete fails to attend his/her classification slot, he/she will not be classified and will not be permitted to race.

Athletes must be classified separately for Kayak and Va'a.

REQUIRED DOCUMENTS FOR CLASSIFICATION

Athletes attending classification at competitions must upload the following Paracanoë forms on the *Classification upload platform* before the classification period, with the following deadlines:

No later than 30 days before the start of the classification period of the Competition (*unless otherwise indicated*):

- Paracanoë Athlete Certificate of Diagnosis
- Athlete Diagnosis Form
- Any other supporting medical documentation

No later than 3 weeks before the event:

- Declaration of Medical Complications & Emergency Measures
- Paracanoë Athlete Information & Consent
- Strapping waiver – this document will be valid for the whole 2018 season
- PFD waiver - this document will be valid for the whole 2018 season

No later than 3 days before the event:

- Equipment passport for Kayak – if the athlete competes in a Kayak category
- Equipment passport for Va'a – if the athlete competes in a Va'a category

All documents must be completed in English.

Athlete Certificate of Diagnosis must be completed in English and signed by a medical doctor. It should also include supporting medical diagnostic documentation. In complex cases additional supporting medical information may be requested.

The forms are available to download from the ICF Website in the Paracanoë area – in the classification page:

<http://www.canoeicf.com/discipline/paracanoë>

Any athlete who is entered in an event for which he/she has no classification will not be permitted to race.

Paracanoë athletes may enter more than one event if their classification makes them eligible to do so and the schedule permits. (NOTE: Athletes are not permitted to compete outside their classification category, ie. A KL1 category athlete may not race 'up' into KL2)

NF's are required to provide their own boats for their classification. The ICF is unable to provide a boat loan service. It is recommended that Federations who need to borrow boats for the competition or for classification make boat loan arrangements early with boat manufacturers or event organizers.

EQUIPMENT PASSPORT

ALL athletes competing **MUST** complete and upload an equipment passport on the *classification upload platform*.

If the equipment passports are not completed and uploaded, the athlete will not be allowed to race. The equipment passports will be checked during classification and before each race. If the equipment does not match the equipment passports, the athlete will not be allowed to race.

If the athlete has sent an equipment passport before but has changed some equipment, a new equipment passport must be uploaded on the *classification upload platform* and the changes must be specified.

If the athlete has been given a confirmed status and are changing the equipment, the Chief Classifier will determine if the changes are approved.

The equipment passport form is available to download from the Paracanoe section of the ICF website.

PARACANOE RACING RULES

For a full reading of the ICF Paracanoe Competition Rules and Classification Rules & Regulations, go to:
